# Recreational/Natural Water Quality Issues

- moved shellfish from Mashpee River
- ~~paper~~ shellfish seeding programs, encourage this
  - ↳ establishing <sup>blue</sup> economy
- go after grant funding
  - hire person

• dredging or other mechanism for improving water quality

• ~~CLOSING~~ <sup>pond</sup> beaches because frequent algae & nutrient flowing in

- rivers
- ocean
- ponds

enter-  
ment

- need regional solutions to  
reduce nutrient pollution, particularly septic
