

Layne's Map 10

# WE DO NOT WANT TO USE THE WORD URBANIZATION

Interface between ~~urbanization~~ and natural system.

Development Built systems

Proper siting of solar panels  
Town Buildings

Proper siting of developments

- put solar on all
- larger wooded buffer zones between nature & built systems
- limit
- ~~ppp~~

Adequate permitting & zoning minimizing and impact on natural resource

- Cut 100 trees, plant 100 trees in the same natural system

• CO<sub>2</sub> ~ net zero increase

• limiting Nitrogen ~ net zero increase, including lawns & golf courses limit

• Adopt The stretch code (if not done already) and promote and enforce
