

Intersection between Recreation +
Conservation — consider
residents to better utilize ConLands for
passive recreation

Toilets • bathrooms
Composting @ Comm Garden
→ enhance education around disposal
of household organics

Enhance DPR ability to test for
Cyanobacteria and toxicity in house

Improve Town web site to enhance user-
friendliness — consider new hosting
platform

Make Water Quality more upfront and accessible
as well as Herring County

Stronger enforcement of floodplain management

Strict interpretation of hardship requirements
defined in the zoning Act.
